Two attachment suits have been filed against Roy and Elmer Jeffries, operating a business under the name of Jeffries Brothers. One was brought by B. F. Haskell et al, the firm of Haskell Brothers, asking judgment in the sum of \$73.57 for repairs and accessories for automobiles. The other was filed by H. E. Pearl and F. A. Seven damage suits, one injunction suit and one divorce suit have just been filed with the Circuit Clerk for the June term of the court, for which there is one of the largest dockets in years. Saturday is the last day for the filing of thirty day suits, such as damage, divorce and contract suits. Suits on accounts and notes can be filed up to within fifteen days of the opening of court.

The injunction suit which is on the docket for the June term was filed by F. P. Jacobs, F. W. Carlson, A. O. Jackson, Clem Button and Edward Northcutt, residents of the Farber Consolidate School District, against Ross B. Cauthorn, county clerk, and Arthur Chase, John McGraw, John Hammett and Benjamin Hill, the members of the school board, asking that an injunction be issued restraining the county clerk from extending his tax books to include a twenty-five cent additional tax on the members of this school district. The plaintiffs allege that the levying of this tax was done illegally.

Six of the damage suits just added to the docket are against railroads. J. W. Knipfel sues the C. & A. for \$92 for damage done cattle in shipment. Milt Householder and Son sue the Wabash Railroad for \$418.15 for damage done to cattle in shipment; James Muir sues the C. & A. and the Wabash for \$1,000 for damages done to mules in shipment; and George R. Johnson sues the Wabash for \$279 for damages done to a mule in shipment.

Vernie Chase has brought suit against the C. & A. Railroad in the sum of \$3,000 for personal injuries alleged to have been received when the wagon in which he was riding was struck by a C. & A. freight train in Farber about Dec. 3, 1919. The plaintiff alleges that his right arm was permanently weakened and that he has suffered pain and loss of time.

Arthur T. Chase has also filed suit against the C. & A. railroad and asks for damages to the amount of \$350. He alleges that his two horses, valued at \$300, were killed when they were struck by a train, and that the wagon and harness was damaged to the amount of \$50. Vernie Chase was driving the team belonging to Arthur Chase when he received the injuries for which he is asking damage.

Wesley Roberts has filed suit against Smith Brothers asking the return of \$1250 which he paid them for an automobile which was misrepresented to him at the time he purchased it.

George H. Clark has been appointed justice of the peace of Salt River Township by the County Court. The petition asking for his appointment was the largest that has ever been presented to the court, according to Judge Groves.

Two marriage licenses were issued by the county recorder here Friday. One was to Willie Thompson and Nanie Newton, both of Audrain County; the other was to Leslie W. Finicum and Mrs. Addie Finicum, both of Columbia, who were married for the second time.

MRS. BROWN GAINS FIFTEEN POUNDS

Was All Run Down When She Began Taking Tanlac—Is in Fine Health Now.

"I have gained fifteen pounds since I began taking Tanlac and I am in as fine health as I ever was in all my life," was the statement made by Mrs. John Brown of 611 South Valley Street, Kansas City, Mo., a few days ago.

"I just hate to think of the weakened, miserable condition I was in before I started taking Tanlac," continued Mrs. Brown. "I had to always be taking something for my liver as it was in a very sluggish condition and my kidneys were so badly disordered I had constant pains in my back. I was troubled with constipation and would often have severe headaches and dizzy spells. I was very nervous and restless and could get but little sleep at night. My blood was in bad condition and I lost my appetite and as I could get no strength I became run down and all the time felt worn out and tired."

"But things are different now since I have taken Tanlac, why, I hadn't finished half a bottle before my appetite had improved and I was not so nervous but was feeling better in every way, and I continued taking it until now I haven't a trouble of any kind. My liver and kidneys are in fine condition and the pains in my back have all disappeared. My constipated condition has been entirely relieved and I am never bothered with headaches or dizzy spells any more. My blood has been purified and my nerves are so steady I can sleep all night long as sound as a child."

"I had an infection in my left foot and because of the condition of my blood it was so bad that for two months before I began taking Tanlac I could not wear my shoe and had to use crutches to get about. But along with my troubles it has completely disappeared and I have thrown my crutches away and am as active as ever. I feel as fine as I ever did in my life, have gained fifteen pounds as I said and am in perfect health."

TANLAC is sold in Mexico, Mo., by Bunkner Drug Co. Adv. d&w1
